

ALEX HANDLOVITS

SOFTWARE DEVELOPER

A detail-oriented engineer with a proven track record of designing effective user-friendly solutions and driving client satisfaction. A self-starter with a passion for learning, I am looking for a role in which I can utilize my recently self-taught web development skills

SPECIALIZATIONS

Languages: Java, C#, JavaScript, Python, Objective-C, HTML, CSS

Frameworks & Libraries: React, Node.js, Express.js, Selenium, jQuery, Bootstrap, Redux

Tools & Apps: Git, Jenkins, Jira, Maven, TestRail, SAP

Databases: Relational (MySQL, PostgreSQL) and non-relational (MongoDB)

WORK EXPERIENCE

Prometheus Group, Raleigh NC (8+ years)

Mobile Developer (2018 TO PRESENT)

Technologies Used: Java, C#, Objective-C, PostgreSQL, SAP

- Maintained and updated code bases for ERP application consisting of three different frontends (Android, iOS, Windows) and an SAP backend.
- Lead developer for implementing new technologies and libraries including NFC card reading and OAuth sign-in.
- Coordinated with sales, support and implementation teams to build and deploy release builds while facing ever changing requirements successfully recognizing multiple seven figure deals.
- Participated in debug calls and technical consultations with customers leading to agreements for future development roadmap items and other service-level agreements.

Senior QA Engineer (2015 TO 2018)

Technologies Used: SAP, Selenium, Appium, Jenkins, TestRail, Jira

- Created automation testing framework greatly reducing length of regression test cycles by 85%.
- Lead QA teams of up to six QA engineers and interns responsible for testing and releasing new versions of SAP ERP, mobile and web software products.
- Prioritized, scheduled and assigned testing responsibilities to junior QA engineers to maximize efficiency and meet tight release deadlines.
- Implemented TestRail as a test case management tool to manage and track software testing efforts for the entire QA department leading to improved documentation, planning, and test execution.
